McLean, VA 22102

Dear Mr. Koppel:

It is my great honor to invite you to serve on the FCC's recently re-chartered Federal Advisory Committee for the 2015 World Radiocommunication Conference (WRC-15 Advisory Committee or WAC). If you accept this appointment, you will be a voting member of the WAC representing the interests of Mimosa Networks, Inc.

As you know, the WAC provides the Commission with advice, technical support, and recommended proposals for the upcoming WRC-15. In particular, the WAC will focus on identifying public/private sector priorities and objectives for the WRC-15. The WAC will be charged with gathering the data and information necessary to formulate meaningful recommendations for these objectives.

We are pleased that the WAC will be continuing its very important work, and we hope that you will agree to lend your considerable experience to this effort. If you have any questions, or wish to designate an alternate member representative, please contact Alexander Roytblat, the Designated Federal Official for the WAC at (202) 418-7501 or via email at WRC-15@fcc.gov.

I look forward to working with you on international frequency spectrum issues, a mission that is of significant importance to our Nation's future.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Wheeler".
